Subject: Basic Car 3A19 Crime Update (week ending 10/1/16)

From: "PAUL EVLETH" <[38086@lapd.lacity.org](mailto:38086@lapd.lacity.org)>

Date: Wed, October 05, 2016 12:55 am

To: "PAUL EVLETH" <[38086@lapd.lacity.org](mailto:38086@lapd.lacity.org)>

Good Evening,

Attached, please find a copy of the crime update for the week ending 10/1/16 for LAPD Basic Car Area 3A19. This reporting area includes North University Park, El Salvador Corridor, and adjacent communities.

In the past week, seven community members had their bicycles stolen. Six of the seven bicycles were locked with either a U-Lock, chain, or cable.

Special thanks to the University of California Department of Public Safety (USC DPS) for arresting an individual who was in the process of stealing bicycles in the 600 block of 28th St. on September 28th! We hope that the arrest of this particular suspect will reduce the number of bicycles stolen in the area.

To prevent bicycles from being stolen from home, please consider locking your bike inside a locked garage or residence. When parking your bicycle in public or anywhere outdoors, we recommend investing in a durable locking system. Protect your bike by researching locks that cannot be easily cut or pried open. Attached to this email, please find a Community Alert Bulletin which includes helpful tips on bike theft prevention.

LAPD has been working closely with Los Angeles Conservation Corps and Central City Action Committee to remove graffiti as quickly as possible, especially along Washington Blvd between Toberman and the 110 overpass and the residential streets north of 23rd between Figueroa and Union. Your requests sent to the MYLA311 app and [lacity.org](http://lacity.org) are much appreciated and make a big difference in keeping Los Angeles beautiful.

In particular, we would like to thank Field Deputy Luis Gonzalez of Councilmember Cedillo's Office for assisting the community with having the vandalized mural along 22nd St (between Hoover and Union) painted over. The mural had been badly defaced and its original artwork was no longer recognizable. Luis is working on getting the mural restored; in the meantime, it is graffiti-free at last!

We are also working closely with the community and elected officials on improving the appearance of the 21st St cul-de-sac, east of Estrella Ave. We plan to create a greener environment along graffiti-ridden walls, with the hope of discouraging vandalism and other illegal activity. Please share your ideas with us as we are still in the planning stages.

LAPD Southwest would like to encourage everyone to report any and all suspicious activity to 877-ASK-LAPD / 877-275-5273 or for emergency situations, 911. Anonymous tips can also be shared with Crime Stoppers at 800-222-TIPS / 800-222-8477.

Please let me know how we can help with any ongoing problem in your community, and look forward to seeing each of you soon.

Sincerely,  
Paul
